REPORT OF DISTRICT FIRE CHIEF & TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

REPORT OF THE LYMAN PLANNING BOARD

The Planning Board was authorized to adopt subdivision regulations at Town Meeting, March 2, 1976. A public hearing was held June 24, 1976 at the Lyman Town Hall, to consider the adoption of the proposed subdivision regulations. The regulations were adopted on this date by the Lyman Planning Board following the hearing. Copies of the Lyman Subdivision regulations have been recorded at the Grafton County Registry of Deeds and filed with the Selectmen's office and the Town Clerk.

Quarterly meetings of the Planning Board are held the second Tuesday of the third month of each quarter at 7:30 p.m. in the Town Hall. Special meetings to discuss proposed subdivisions, or to conduct public hearings to consider subdivision plans are normally conducted on the second Tuesday of other months. All Planning Board meetings are open to the public.

Since adoption of the subdivision regulations, five public hearings involving four minor subdivisions and one major subdivision have been conducted by the board.

The Planning Board requests \$150.00 for its operation for the coming year.

REPORT OF THE LYMAN CEMETERY BOARD

No major project was undertaken in the cemeteries in 1976, in the interest of conserving the remainder of our special fund created through donations.

In spite of very difficult mowing conditions due to constant rain, all of the cemeteries were kept looking especially well for the Bicentennial celebrations and on into the fall, thanks to much dedication by Arkade Dusik and his son, Timothy.

It is anticipated that expenses for the coming year will include the replacement of one of our mowers. One donation was received by the Board for the special fund during the year. It is hoped that those interested in seeing improvements in the cemeteries will be able to contribute to this effort in the coming year.

Respectfully submitted,

Dear Sirs:

As you are already aware, the Littleton Hospital is a non-profit organization dedicated to meeting the health care needs of the citizens in this area. Because of our non-profit structure, it is very difficult for a hospital to have operating excesses for use in purchasing equipment. Our only other sources then are depreciation funds and donations.

It is anticipated that the Hospital will need up to \$99,240 for capital equipment needs during the 1976-77 budget year. Since this is more than twice the Hospital's capital budget for 1975-76, we are requesting additional assistance from our supporting towns. In view of this, we would like to request an appropriation of \$500 from the town of Lyman.

A copy of our most recent Annual Report is included for your review. If any additional information is needed, please do not hesitate to contact me.

Sincerely,

Jerry E. Gillman

WHITE MOUNTAINS  
REGION ASSOCIATION  
OF NEW HAMPSHIRE

LANCASTER, N.H. 03584 (603) 788-2061  
December 8, 1976

Chairman, Budget Committee  
and/or Selectmen  
Town Office  
Lyman, N.H.

Gentlemen:

Your White Mountains Region Association is requesting continued support with its work in 1977 with an appropriation from the Town of Lyman.

Please note the formula under which the Association makes the 1977 request has been modified, the effect being a reduction in that request. The old formula called for 7 cents per \$1,000 of valuation based on the most recent "Total Equalized Valuation Table" published by the N.H. Tax Commission. The new formula calls for a reduction from 7 cents to 5 cents per \$1,000 of valuation.

The officers and directors of your Association have taken this action because they feel the State's equalized valuation, upon which your Association computes town requests, in recent years has increased much too dramatically. A 2 cent reduction, then, is a significant attempt to put the "brakes on" such increases during this period of inflation.

However, your Association hopes the selectmen and/or the budget committee realizes the importance of Lyman appropriating the full amount. In addition to supporting on-going projects and activities, local support (much of it community appropriations) has a significant impact on the amount of State funds your Association will receive during 1977. For example, because so many communities appropriated funds in 1976, your Association received significant additional state funds. Some of these added funds already have been used in support of community projects. Lisbon, Twin Mountain, Franconia, Sugar Hill, Bath, Haverhill, and Jefferson have received funds or will receive them shortly. Other communities undoubtedly will be recipients in the future.

Finally, your Association does/will continue to benefit your community and its businesses through its vacation-travel promotions which help to support the room and meals tax, a portion of which is returned to Lyman. For example, in 1976 Lyman received \$1,864.73.

Therefore, according to our records, the total 1974 (latest) equalized valuation for the Town of Lyman was \$5,709,675. Therefore, the Association is asking for an appropriation of \$285.48.

Gentlemen:

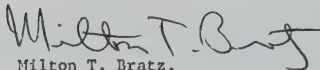

White Mountain Community Services wishes to request \$321.25 be appropriated at the 1977 Town Meeting. This represents \$1.25 per capita of population based on 1975 State census statistics.

Demands for our services in your schools, hospitals, and for psychiatric emergencies have increased markedly in the area we serve. Hopefully we will be able to continue to provide these vital, and at times, life-saving services.

White Mountain Community Services continues to provide direct services to area hospitals. Reports to us from the medical and hospital staff of the area acknowledge the help this effort on our part has been to them. We are continuing to consult with school personnel and provide follow-up counselling care. We continue to service people directly so as to prevent admissions to the New Hampshire Hospital from your area. In this respect area residents are involved in our day treatment program which provides structured group activities in the local community, as well as outpatient counselling. Both of these services are provided at substantial savings compared to the cost of State Hospital care.

In conclusion, we are grateful to you and your townspeople for their support in the past. We realize no single town among the towns we serve can financially bear the quality and level of mental health services needed and available to all of our citizens through White Mountain Community Services. However, if each town is willing to vote its full share to help defray these costs, then all of our citizens benefit. We need your help and hope you will speak and act in favor of our request.

Sincerely,

  
Milton T. Bratz,  
Executive Director

Gentlemen:

The North Country Council, Inc. greatly appreciates the financial support that your town has provided to the Council during the last year. The town's assistance has enabled the Council to provide a high degree of quality services to member municipalities. In order for the Council to continue these services during the upcoming year, it will again need the town's financial support.

The region-wide request is approximately \$52,700, which represents a 9 percent increase since 1974. This is due to a rise in office rent, utilities, and other normal fixed costs of office operations. The By-laws of the North Country Council, Inc. provide that appropriations from individual municipalities shall be based on 50 percent of the equalized assessed valuation, as determined by the State Tax Commission, and 50 percent on the latest population estimate, as determined by the Office of Comprehensive Planning. The Council would appreciate it if your town could appropriate its share of the region-wide request for the upcoming year which is \$ 239.00.

Enclosed you will find the municipal appropriations requested from all the towns in the North Country Planning Region. The North Country Council, Inc. respectfully requests that the local share requested from your town be included in its budget, either as a Planning Board item or as a warrant article. You will also find a report summarizing NCC activities during 1976, which we hope will be published in the official Town Report for 1976.

I want to thank you again for the financial assistance the town has provided to the North Country Council; this enables the Council to respond to the requests for community and regional planning assistance. Your town's representatives to the North Country Council and/or a staff member would be quite happy to meet with you to discuss the request or any of the Council's activities. Please let us know how the Council can be of assistance to the town.
